Applicants will have the ability to select one or more of the impact areas indicated below in the application form. All Letters of Interest must identify one Impact Area, Goal, and Strategy from the list below, reporting on at least one Reporting Requirement that the program proposes to address.

Issue focused funding is largely unrestricted and can be used for anything necessary to administer the project including planning, personnel, facility expenses, and indirect costs. This funding opportunity is not limited to supporting direct services alone. UWYC recommends that grantees commit to setting aside a percentage of awarded funds towards evaluation and measurement of program success. For example, funds may be used for tracking software, allocated staff time, IT support, or collaboration with another agency on measurement.

Due to the competitive nature of the funding process, we encourage prospective applicants to consider the above priority areas together with the following guidelines regarding the types of funding opportunities that will receive **special consideration**.

- **Diversity, Equity, and Inclusion (DEI) Efforts-** Priority will be given to programs that focus on community efforts aimed at reducing racial disparities and increasing the understanding for diversity, equity, and inclusion. - **Supportive Services-** Solutions that have built-in supports to eliminate barriers for parents and caregivers of children (examples include: tangible resources such as childcare, hours of operation that accommodate school and work schedules, meals). Please Note: All applications for programs focused solely on childcare assistance will not be eligible for a Financial Stability Partner grant this cycle. Any childcare programs should reach out to Emily Pate, Director of Collective Impact at epate@unitedwayofyc.org for more information on UWYC's Childcare Assistance Program.
